7.3 - Institutional Distinctiveness

7.3.1 - Portray the performance of the Institution in one area distinctive to its priority and thrust within 200 words

Our college is a government college. The college has a large number of rural and tribal students especially from Thane, Palghar and Raigad districts. The number of socially, economically and regionally backward students is high. Due to the situation of COVID 19 in the academic year 2020-21, the training of the trainees was conducted online. Students from different types of dormitories had to complete the training online as the dormitories were closed. Most of the students completed their training online by setting up huts in their fields / sitting under the trees. The college built the strength to overcome the situation and face the crisis in their place. The trainees completed their teacher training without further ado. While completing this training, it was observed that the qualities and values of punctuality, honesty, co- operation, diligence, overcoming of situations, loyalty to education, etc. were developed in the students. 2) Due to COVID 19 situation, Mumbai University decided to take online exam. Our college represented a group of 10-12

pedagogical colleges . Completed B.Ed / M.Ed University examinations for all semesters of all the colleges in the cluster college properly. The university congratulated the college in this regard.
